

1989-2019 30 YEARS UK MANUFACTURING

NightSearcher Celebrating 30 years

NightSearcher started in 1989 with a clear goal; to provide high performance, easy to use portable, rechargeable lighting solutions for sectors with strict requirements, and situations where reliable lighting is critical yet not easily accessible. 30 years on, we are the leading designer, manufacturer and supplier of professional portable LED floodlights, searchlights, flashlights, work lights, and head torches.

NightSearcher LED lights are used and trusted all over the world by a wide variety of commercial and industrial users, from emergency services, armed forces, and the police to railways, industrial, and construction sectors, among others.

As manufacturers, we are constantly developing new and enhancing existing products. When designing our new lights, we aim to surpass ourselves every single year: We want our LEDs to be brighter, our batteries to last longer, and our beams to reach further. Our guiding principle, however, remains unchanged: We listen to our customers, designing our lighting systems to meet their needs.

By any definition, 30 years in business is a long time, but we feel like we've just started. We will continue to embrace leading-edge innovation and engineering in the quest to make our products even better, and to provide lighting where it's needed the most.

We'd like to thank all our customers for the support given over the past 30 years and look forward to being of service for the coming years!

Colin Howard Managing Director

NEW Solaris Pro and Solaris Pro-X 16K

16,000 Lumens - Portable Rechargeable, Programmable LED Lighting System

The Solaris Pro is the latest addition to the renown NightSearcher Solaris floodlight range. It is highly portable, extremely compact and light weight. Due to the multi position telescopic pole and light head, along with stabilising legs it can be used on uneven ground for example a motorway or railway embankment. The 16,000 lumen light output will provide a wide spread of light and can run for up to 48 hours. The control console allows for the running time to be set as needed so that the Solaris Pro will set the light level to last the required time.

NightSearcher

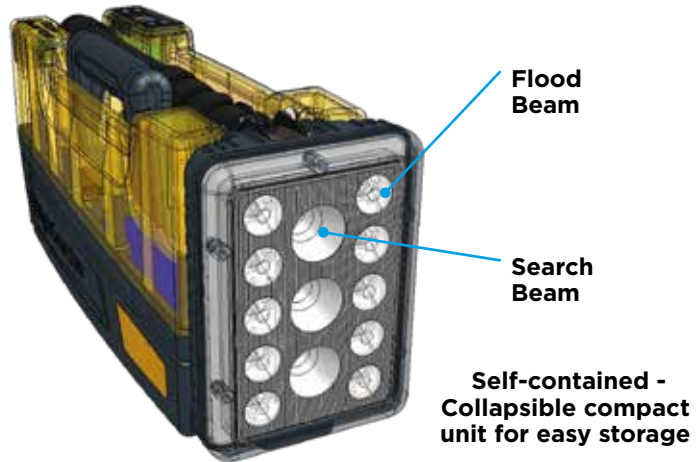

RECHARGEABLE LED FLOODLIGHTS

Pole extends to 1.85 metres

The power Cord is built into the pole to avoid snags and damage

KEY FEATURES:

- 16,000 Lumens
- 500 metre beam
- Runs up to 48 hours
- Battery status indicator
- Programmable Run times - Set the correct runtime hours you require
- Stability feet & Stability ground pegs for uneven terrain
- Tough ABS plastic construction
- Shoulder strap for easy transportation
- Folds down to compact size
- Swivel and tilting head
- Weights only 7kg
- IP65 Weatherproof

Fast Star Range Outdoor LED Floodlights

DESIGNED FOR FAST + SIMPLE INSTALLATION

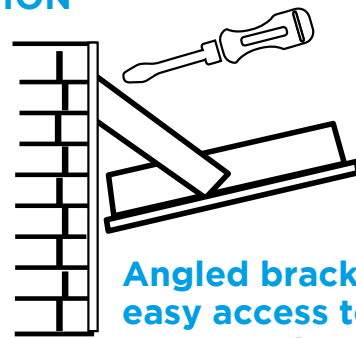

Designed for quick and simple installation

2 ways to connect to mains AC supply:

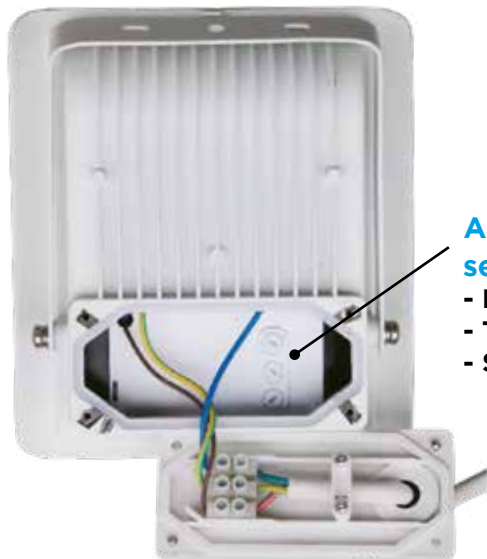

Directly into internal terminal block

Or

With cable provided into a suitable rated junction box.

Angled bracket gives easy access to secure onto wall

Adjustable settings:

- Lux
- Time
- Sens

Up To 90% More Efficient Than Traditional Lighting

Perfect for around the home, providing light to driveways and adding security.

Fast Star Range Outdoor LED Floodlights

Slim Design LED Security Light

The FastStar range has been designed for fast and easy installation. It can be connected into its own internal terminal block or alternatively it comes with a pre-wired 30cm cable to connect into a suitable external junction box. It also has a clever angled wall bracket which allows easy fixing without the need to remove the bracket.

3 Models available: 10W, 30W, 50W

With PIR sensor
3 Models available:
10W, 30W, 50W

KEY FEATURES:

- IP65 Rating
- Aluminium housing
- Tough glass lens
- Slimline compact design
- 6000K cool white colour temperature
- PIR models lights
- Supplied with 30cm cable
- Adjustable settings:

LED Festoon Lights

22 Metres, Fully Encapsulated Festoon Kit - 10 x 660 Lumens

The Festoon LED work lights are ideal AC work lights for industrial and construction applications. The 110V LED Festoon lighting is energy efficient, saving up to 80% electrical power making them a cost effective lighting solution for indoor and outdoor use. Highly robust polycarbonate Lenses and body, handy loops for fixing with cable ties.

Also available in 50 Metres

10 x LED lamps

22 Metre 2 x 0.75mm yellow arctic grade cable with 16A 110V CEE Plug

KEY FEATURES:

- 10 x 660 lumens
- 22 Metre x 10 LED lights
- Lamp holders spaced every 2 metres
- IP65 Rating - Sonic Sealed
- Low heat output - Saves 80% electrical power
- 30,000 hours life
- Fitted with 16A 110V CEE Plug

PRODUCT CODE: NSFESTOON22M8W

Optional accessories:
14 Metre extension lead available (110v Only):
SPCABLE14M

NEW Lunar Star

110V, 50W LED Highly robust self contained Led Work light

The Lunar Star 110V LED work light is ideal for industrial and construction applications. It is fitted with two 110V 16A IP44 socket outlets to BS/EN60309-2 for connection of power tools rated up to 1500W or linking up to 25 Lunar Stars together. The Lunar Star can be used as a floor light hung by the hanging hook or mounted on a tripod. A switch mounted on the side allows easy operation and when the work is done the built in cable storage allows the Lunar Star to be stored neatly.

KEY FEATURES:

- 110V AC
- 4,000 lumens light output
- Ultra bright LEDs
- 360° spread of light
- 2 x Socket CEE outlets:
 - For using power tools rated up to 1500W
 - Or linking up to 25 Lunar Stars together
- Robust high impact polycarbonate housing
- Carry handle - for easy transportation
- Supplied with 5 metre H05VV-F cable
- Built in cable storage

Hanging hook

Gripper Light

Gripper Inspection Lamp, 110V CEE or 240V AC BS Plug, 60W

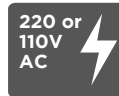

This heavy duty inspection lamp features a 50mm wide clamp with hand grips and a useful hanging hook for hand free working. Ideal for clamping to joists, scaffolding or under car bonnets etc.

240V AC BS plug
or 110V CEE plug

KEY FEATURES:

- 240V AC BS plug or 110V CEE plug
- Spring loaded handles for hands-free work
- Tough composite construction
- Bulb mounted in a ceramic holder and protected by a metal grille
- Double insulation construction
- E27 Lamp holder
- Supplied with heavy duty, HO5RN-F cable 1.5 metre

PRODUCT CODE: NSGRIPPER110V
PRODUCT CODE: NSGRIPPER240V

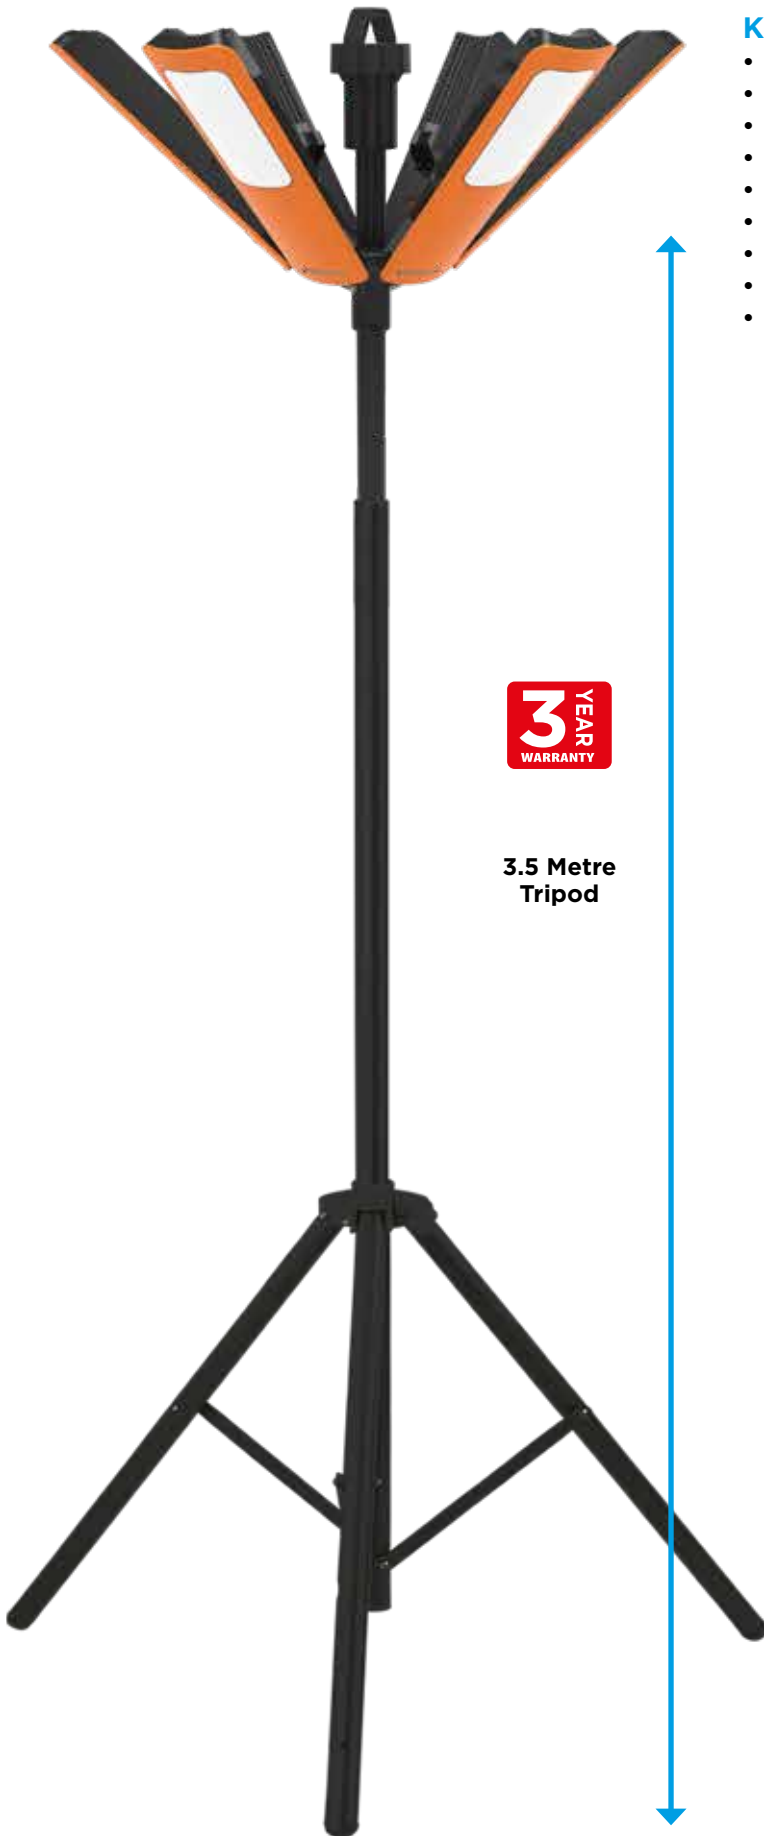

Bulb not included

Tower Pro

Lightweight, Portable LED Lighting Tower

The Tower Pro is an easy to deploy tripod mounted area/scene light. It provides 360° of light from its six foldable and lockable light heads which have anti-glare diffused lenses providing wide spread, shadow free light, with a daylight colour temperature of 6500K. It can be powered from a 230V or 110V supply, it is supplied with 10M of rubber sheathed abrasion resistant cable. The robust aluminium tripod extends the light head to 3.5 metres and is extremely stable. One person can easily carry and deploy the system in under one minutes.

3 YEAR WARRANTY

3.5 Metre Tripod

KEY FEATURES:

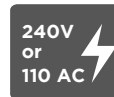

- 16,000 Lumens
- 50 metre beam
- 360° fold out light
- Anti-glare diffused lens for wide spread
- Foldable and lockable light heads
- 6500K cool white colour temperature
- Robust housing absorbs knocks on site
- Extends up to 3.5 metres

Explorer XML-X

Rechargeable, Robust, High Powered LED Flashlight, 600 lumens

The Explorer XML-X is a robust LED flashlight, ideal for domestic, security and emergency use. The flashlight comes complete with a wall mounted charging bracket which will automatically illuminate in the event of a power cut. A red cone is included in the box, ideal for traffic management and can be used as a warning light.

In the event of a power cut 6 white LEDs will illuminate automatically

The Explorer XML-X comes complete with wall mounting charging bracket

KEY FEATURES:

- Powerful 600 Lumens
- 500 metre beam
- Runs up to 15 hours
- Rechargeable lithium battery - 3.7V 2200mAh
- Wall mounted charging bracket
- 2 mode tail light tactical switch
- Compact and light weight flashlight
- Water and shock resistance
- Powerful CREE XML LEDs
- Battery level indicator
- Robust aluminium housing
- Shatterproof polycarbonate lens
- Supplied with wall mounting charging bracket, red cone, power cable, AC mains charger

SAFATEX SL - Coming Soon

ATEX Rechargeable LED Searchlight, 370 lumens

The SAFATEX SL adds a searchlight to the NightSearcher ATEX product range. It features a convenient handle mounted switch which switches on and off the 369 lumen wide angle beam, perfect for lighting a broad area. The state of the art optics and reflector ensure a bright even spread of light and the lithium-ion battery provides up to 30 hours running time. For safety a gas release valve comes as standard.

KEY FEATURES:

- Powerful 370 Lumens
- 400 metre beam
- Runs up to 30 hours
- High powered LED
- Wide angled flood beam
- Removable shoulder strap
- Unique deep dish reflector
- Durable impact resistant, drop proof up to 1m

NightSearcher began manufacturing
lighting systems in 1989 and have
continued producing these from our
UK head office in Portsmouth, UK
